

## Can you join us for International Overdose Awareness Day?

Friday, August 31 is International Overdose Awareness Day.

All over the world, events will be held to raise awareness of overdose, acknowledge the grief felt by families and friends and reduce the stigma of deaths or permanent injuries resulting from overdose.

Our event will focus on remembering those we've lost to overdose and the impacts for those left behind.

We'll also be discussing how people can act to prevent overdoses and save lives.

We'd love it if you could join us to reflect, prepare for action and share some light refreshments with members of the extended ReGen family.
